## SYMPHONEE

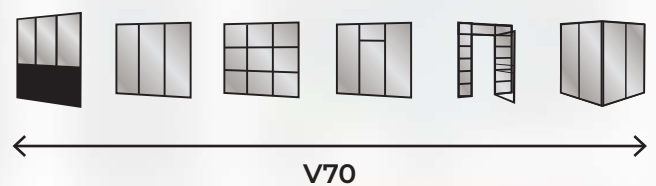

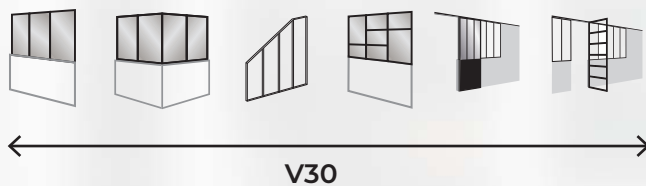

SYMPHONEE is a range of systems (profiles and accessories) offering **glazing solutions** suited for your interior spaces.

Thoughtfully designed systems to simplify assembly while ensuring an elegant finish that harmonises perfectly with your interiors.

Designed to **optimise your manufacturing time**, our glazing solutions require no **specialised tools**.

SYMPHONEE consists of two ranges designed to meet a variety of applications:

Discover our 4 glazing kits for glass partitions on a base. With a height of 1250mm, they can be customised in the following options:

- 1 crossbar (810mm)
- 2 crossbar (1200mm)
- 3 crossbar (1590mm)
- 4 crossbar (1980mm)

## V30 GLASS PARTITION ON A BASE

***Provides both privacy and light, while adding a touch of modernity and elegance to the space.***

The aluminium profiles consist of 2 clip-on elements, allowing for quick installation of the glazing or decorative panel. Fully customisable, this system enables the creation of a unique glass partition configuration.

Brown Lacquered  
Powder Coating with

## Weighted Sound Reduction Index: $R_w$ (C; Ctr)

### Full-Height Glass Partition:

- With 33.2 standard glazing:  **$R_w$  (C; Ctr) = 30 (0; -1) dB**
- With 33.2 standard glazing door unit:  **$R_w$  (C; Ctr) = 25 (-1; -1) dB**
- With 44.2 acoustic glazing:  **$R_w$  (C; Ctr) = 36 (-1; -3) dB**
- With 44.2 acoustic glazing door unit:  **$R_w$  (C; Ctr) = 31 (0; -2) dB**

Our **full-height glass partition** combines modern design with **excellent acoustic insulation**. It allows for elegant space division while providing **optimal sound comfort**.

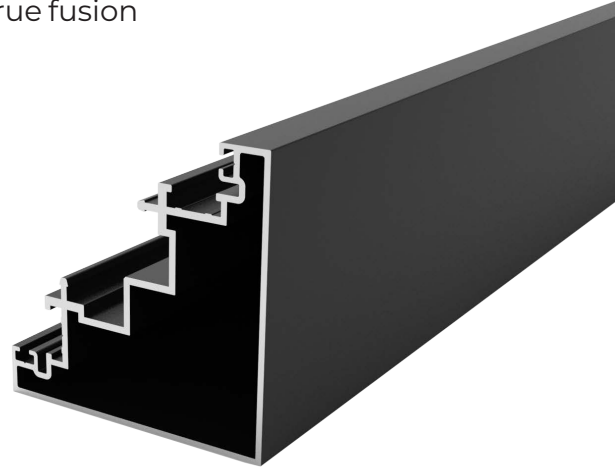

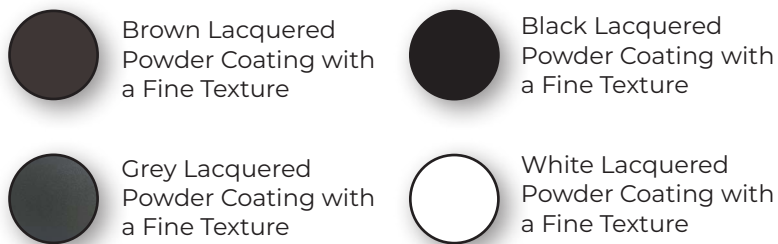

# CORNER GLASS PARTITION

*Ideal for a bright and stylish separation, while optimising light diffusion and adding a contemporary touch.*

This solution, designed to be cost-effective, creates bright and elegant spaces while perfectly adapting to corner configurations. A true fusion of contemporary style and technical performance.

Our corner glass partition solution is an **ingenious application of our V30 and V70 glazing systems**, offering great flexibility for your projects.

With our corner post profiles, it becomes easy to create a glass partition on a base or full-height with an angle, while maintaining the same **clean lines and the robustness of our systems**.

## PRODUCT HIGHLIGHTS:

Our products stand out for their simplicity in manufacturing, assembly, and installation, thanks to innovative solutions such as **straight cuts, clip-on beading, and corner bracket assembly**.

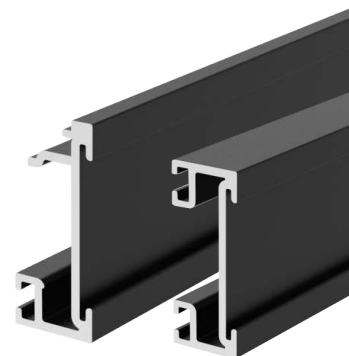

The *U75 finish profile*, which is easy to cut, allows for an **aesthetic and simplified** low-level installation, enhancing the visual result.

With a compact and modular range, suitable for **various applications**, each component of the system offers easy **customisation and flexibility**, ensuring tailored, high-performance, and elegant solutions for all your projects.

## CUSTOMISATION HIGHLIGHTS:

Our systems also stand out for their extensive customisation options, including:

- 6-8 mm infill (glazing or decorative panel).
- Listel beading for the integration of personalised edge bands.
- Bi-colour interior/exterior with the «clip-on» concept for the V30 range.
- Modular composition with adhesive flat profiles of 25, 30, and 44mm.

## COMPLEMENTARY SOLUTION - HARMONEE RANGE

Our Door solutions integrate seamlessly with the Interior Glass Partition system!
