FURNITURE & SPATIAL DESIGN

DESIGN & ARCHITECTURAL

AIRGO

AIRGO is a system (profiles and accessories) offering a range of solutions for space dividers, modular furniture, and designer furnishings, all thoughtfully designed to meet the diverse needs of your projects.

An easy and practical solution to manufacture, requiring minimal machining.

Why choose AIRGO ?

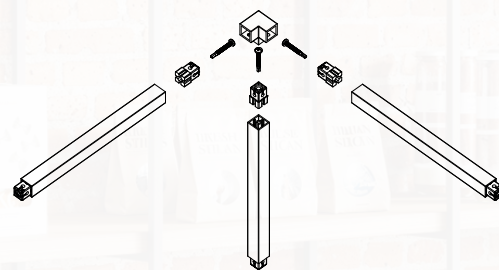

- **Optimised manufacturing:** straight cuts only.
- **Simplified assembly:** a range of connectors for plug-and-play style assembly.
- **Design et finish :** a clean, geometric aesthetic thanks to the 21x21 profile. The combination of wood and aluminium, with a matte black finish for elegance

MODULAR & DISPLAY FURNITURE

With its **5 profiles**, the **AIRGO** modular system offers a wide range of configurations to create unique and functional layouts. Designed to **simplify manufacturing**, it requires few tools other than a saw with aluminium blade to cut the profiles to the desired length. Its **5 types of connectors** (from 2 to 5-way) allow **quick and hassle-free assembly**.

Ideal for creating **elegant wall shelves** or **lightweight, stylish freestanding furniture**, AIRGO combines a **clean aesthetic with flexibility**, meeting the demands of both commercial and residential spaces: **shops, bathrooms, living rooms, and much more.**

MAXIMUM DIMENSION

WIDTH - 1000mm

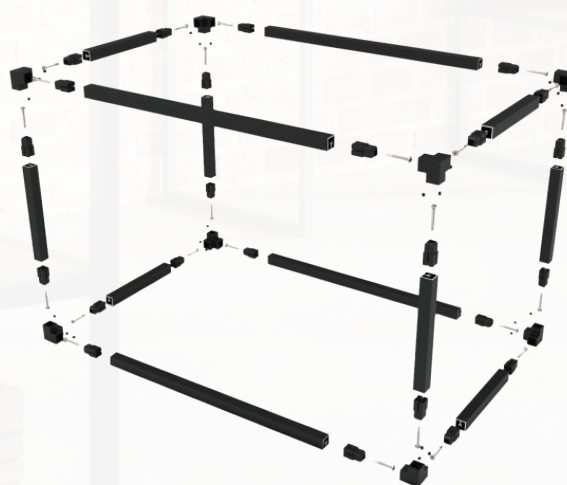

DEPTH - 300mm

Wall mount load capacity : max 15kg

Shades and finishes

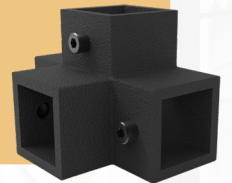

Black lacquered
powder coating with a
fine texture 9005

PRODUCT ADVANTAGES :

- Maximum modularity thanks to its 5 profiles and 5 types of connectors
- Compatible with 18-19 mm wooden shelves (for inset shelves) and 19 mm or more (for through-mounted shelves)
- Compatible with 6 mm glass inserts - tempered or laminated (33.2)
- Slimline 21x21 mm profiles for an elegant, minimalist aesthetic
- Adjustable foot for enhanced stability

Design your AIRGO project
with our configuration tool

PARTITION

Our **AIRGO system** is a **patented**, modular solution for designing partition screens.

Made from **21x21 mm aluminium profiles** and zamak fixing accessories, it enables the creation of elegant and functional structures with **minimal machining**.

Thanks to its **simplified assembly** and high flexibility, it adapts easily to your various layout needs, whether in professional, commercial or residential settings.

Shades and finishes

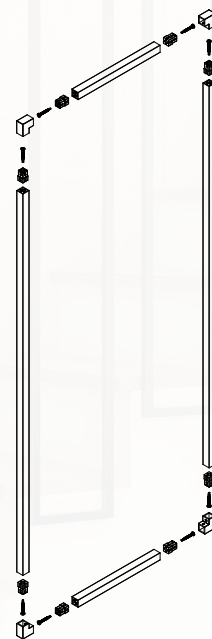

Black lacquered
powder coating
with a fine
texture
9005

Floor / Ceiling

Niche / On half-wall

PRODUCT ADVANTAGES:

- Two installation options : surface-mounted and overhanging
- Custom design tailored to configuration and integration constraints
- Ability to create an architectural partition using its various connectors
- Easy manufacturing: straight cuts and plug-and-play assembly thanks to its patented assembly system (no machining required)

READY-TO-ASSEMBLE KITS

ADJUSTABLE STANDARDS

Our **AIRGO kits** allow you to create a simple and functional wall shelf or ladder. For added modularity, **extension kits** enable you to adapt or expand the furniture to suit your needs and preferences. This modular system lets you personalise your projects for a **tailored and elegant solution**.
