DESIGN & ARCHITECTURAL

HARMONEE

HARMONEE is a range of systems (profiles and accessories) offering **door solutions** (swing, pivoting and suspended sliding 40kg & 70kg) for all your projects.

These systems are designed with **performance** and **mechanical strength in mind**, as we place quality and durability at the heart of our development approach.

MANUFACTURABILITY

Our door solutions have been designed to optimize your fabrication time and simplify assembly and installation, while meeting the demands of **custom-made** projects and **specific requirements**.

CUSTOMISATION

Our doors can be **customized** to perfectly match the architectural style of any interior. Choose from a variety of infill options including glass, wood, or metal for a harmonious and tailored finish.

CREATIVITY

The various applications of our doors and their **flexibility** allow you to create solutions that meet all needs and integration constraints. From functional requirements to aesthetic expectations, ensuring seamless adaptation to every project.

AESTHETICS

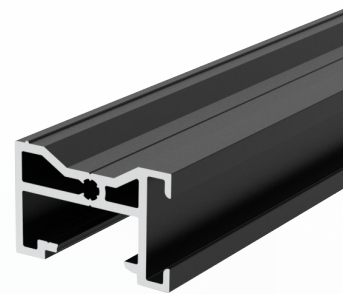

Aesthetics and **design** are also key pillars of our range. They are part of SEED's very DNA!

MODULARITY

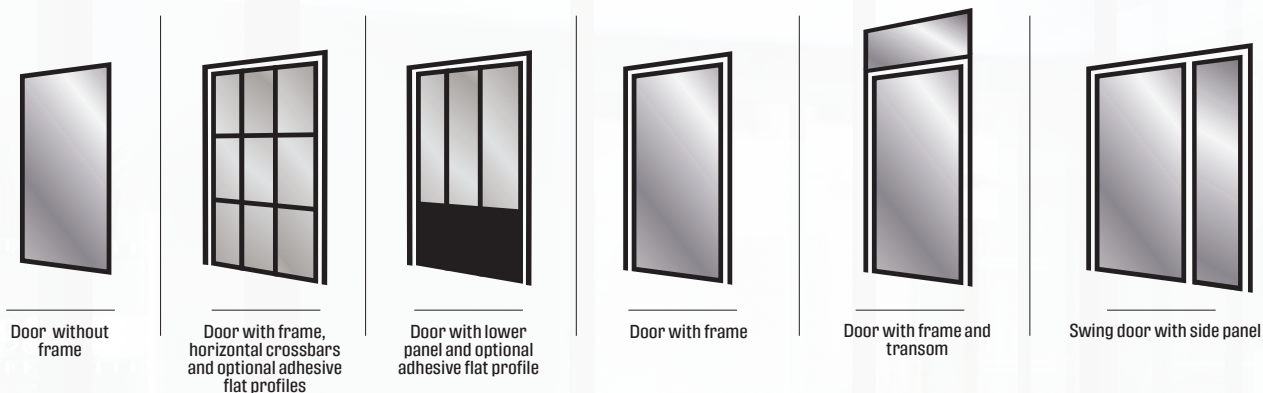

Starting now, discover our 2 **ready-to-fabricate** swing door KITS! Available in 2 finishes: White lacquered powder coating 9003 and black lacquered powder coating 9005 with a fine texture. They allow you to configure a single swing door, a swing door with a frame extension, or a swing door with a V70 glass panel extension.

SWING DOOR

A timeless classic, ideal for easy integration and defining spaces.

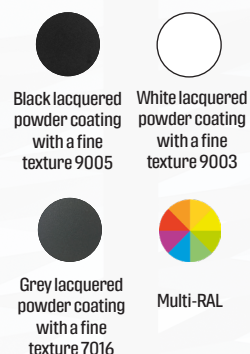

This **simple yet comprehensive system** allows the creation of modular **swing doors**, tailored to each project. A sleek and refined solution, particularly well-suited for harmonious pairing with our glass partitions.

PRODUCT ADVANTAGES :

- Manufacturing feasibility: straight cut, no machining required
- Pre-machined 66 mm upright for lock integration
- Product aesthetics: 28 mm or 37 mm rail for seamless alignment between the swing door and the glass partition
- 6-8 mm infill: glass or decorative panel
- Compatible with the SYMPHONEE interior glass partition range

Shades and finishes

- Lock options: roller only, roller + latch + half cylinder, reversible latch + deadbolt
- Handle types: pull handle (black, white or grey finish) or lever handle (black or stainless-steel finish)
- Accessories: cover plate & strike plat

DIMENSIONS

WIDTH
From 630 mm to 930 mm

HEIGHT
Maximum 2200 mm
3 hinges for door up to 2040 mm
4 hinges for door above 2040 mm and up to 2200 mm

Also available as ready-to-assemble KITS

For easy installation, with maximum dimensions of 930 × 2200 mm

KITPORTE20LNOG - Swing door kit with black frame

KITPORTE20LBLG - Swing door kit with white frame

KITPORTE30LNOG - Swing door kit for V70, black finish

KITPORTE30LBLG - Swing door kit for V70, white finish

PIVOTING DOOR

Perfect for separating spaces with fluidity and elegance

Designed to blend seamlessly into the most refined interiors, our **pivoting door** discreetly recedes to enhance the surrounding space. Free from any visible framing, it creates a smooth and graceful transition between rooms. Its **pivot-opening system** combines minimalist aesthetics with ease of installation.

PRODUCT ADVANTAGES :

- Customisation: made possible with crossbars and various stick-on flat bars (25, 30, 44 mm)
- Pre-machined profiles: The 40 mm top and bottom crossbars are available pre-machined, helping to reduce manufacturing time.
- Modularity: Pivot can be centred or offset (with an adjustment range of 170 mm)
- Infill: 6-8 mm glass or decorative panel

Shades and finishes

Black lacquered powder coating with a fine texture 9005

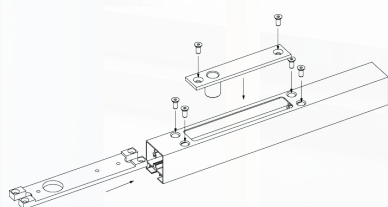

White lacquered powder coating with a fine texture 9003

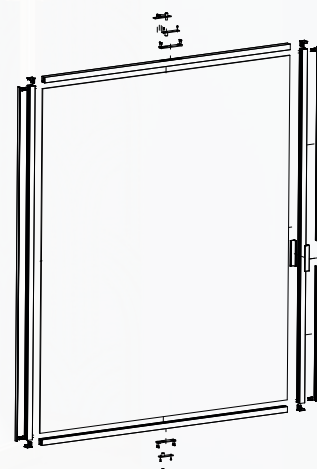

Grey lacquered powder coating with a fine texture 7016

Multi-RAL

Up to 2500 mm

SUSPENDED SLIDING DOOR 40KG

Ideal for compact spaces

Suspended sliding doors are perfect for optimising space division, thanks to their wall- or ceiling-mounted system. A lightweight, easy-to-install **solution that's both practical and efficient.**

PRODUCT ADVANTAGES :

- Easy installation
- Lateral plumb adjustment
- Dual soft-close dampers for smooth opening and closing
- Patented trolley - No. 0700534
- Wall or ceiling mounting - top track adaptable using a bracket system
- 6-8 mm infill: glass or decorative panel
- Compatible with the SYMPHONEE interior glass partition range

Shades and finishes

Black lacquered powder coating with a fine texture 9005

White lacquered powder coating with a fine texture 9003

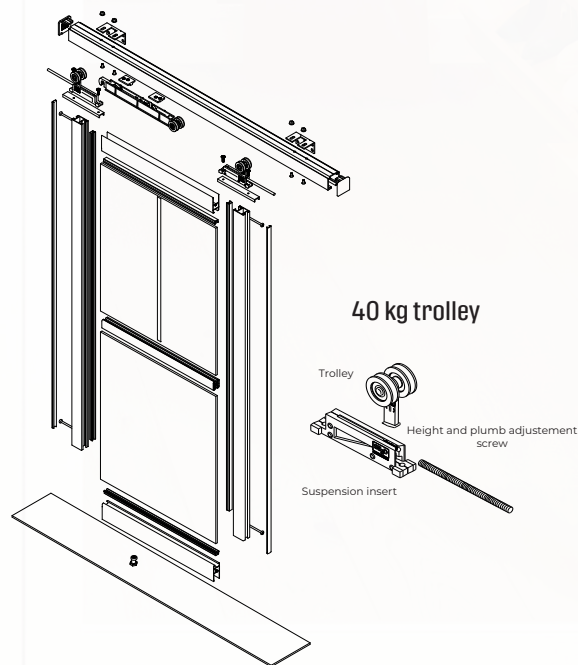

Grey lacquered powder coating with a fine texture 7016

Multi-RAL

- Two handle profiles: 810 and 820
- Integrated with the interior glass partition solution (V30 range configuration)
- 25 mm adhesive flat profile can replace traditional crossbars to offer aesthetic flexibility

SUSPENDEND SLIDING DOOR 70KG

Ideal for compact spaces.

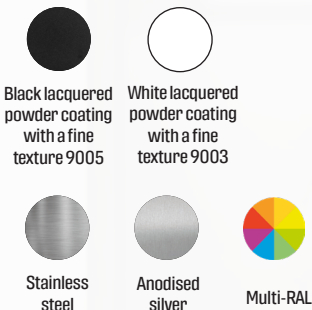

Suspended sliding doors are perfect for optimising space division, thanks to their wall- or ceiling-mounted system. A **soft-closing system** that provides a lightweight and easy-to-install solution.

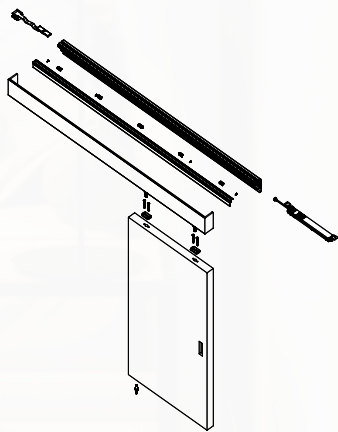

PRODUCT ADVANTAGES:

- Open top track for wall-mounted installation.
- Driver guide to enable multi-panel configurations.
- Robust system supporting loads up to 70 kg.
- “All-Wood” configuration with dedicated wooden cover KIT.
- 6-8 mm infill: glass or decorative panel.
- Compatible with the SYMPHONEE interior glass partition range.

Shades and finishes

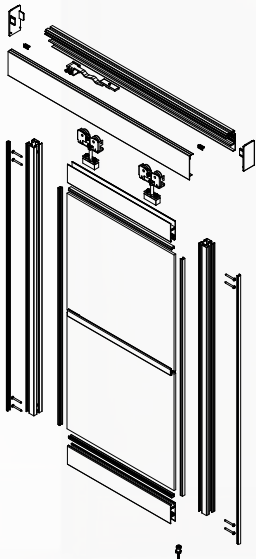

- Wood panel 30 to 40 mm thick
- Three Handle Profiles: P810, P1000, and P7000
- Option to integrate a recessed handle within the P7000 profile.
