LEEFT

LEEFT is a system (profiles and accessories) offering a wide range of solutions, from wardrobes to display furniture for retail spaces. Its high level of flexibility meets the needs of your various projects.

Easy-to-build and assemble solutions thanks to accessories and profiles designed to minimise machining.

Why choose LEEFT ?

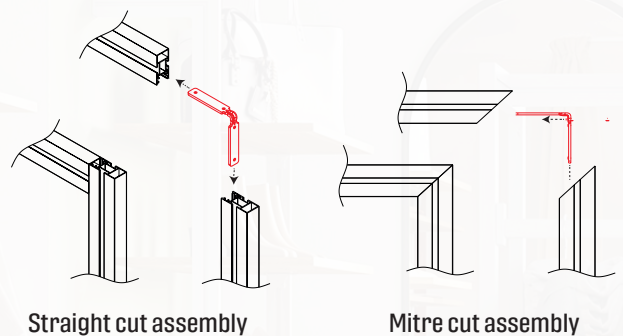

- **Maximum modularity:** a unique system built around a single profile adaptable to any configuration
- **Bespoke customisation :** integration of units, drawers, shelves, hanging rails, and more
- **Optimised manufacturing :** straight or mitre cuts with bracket-based assembly
- **Adaptability :** adjustable shelf support plates to suit the specific needs of each project

MODULAR & DISPLAY FURNITURE

LEEFT adapts perfectly to the demands of **commercial spaces**, thanks to its **simple and scalable structure**.

It enables the creation of a display environment where elegance and natural materials deliver the expected sophistication while enhancing the appeal of the products on show.

The LEEFT system allows for the creation of **bespoke furniture**, easily reconfigurable to suit changing collections or layouts.

CUSTOMISATION

- › Integration of units, shelves, drawers, and wardrobe rails
- › Supports up to 30 kg per shelf (up to 950 mm wide by 500 mm deep)
- › For wardrobe rail installation, minimum distance from wall: 230 mm (straight cut) or 290 mm (mitre cut)
- › Oval wardrobe rail with gasket and grooves to accommodate LED strips or trim details

Shades and finishes

WARDROBE

With a single profile, LEEFT offers **maximum modularity** to design **unique wardrobes** perfectly tailored to each project.

Its clean, elegant design makes it an ideal solution, meeting the three essential requirements of interior design: **practicality, aesthetics and customisation.**

Wardrobe rail support assembly

CUSTOMISATION

- › Integration of cabinets, shelves, drawers and wardrobe rails
- › Supports up to 30kg per shelf (up to 950 mm wide by 500 mm deep)
- › For wardrobe rails, minimum distance from the wall: 230 mm (straight cut) or 290 mm (mitre cup)
- › Oval wardrobe rail with gasket and grooves to accommodate LED strips or trim details
